Self Evaluation

What new insights or understanding did you gain while helping others with their code?

How effectively do you think you guided your peers through their problem-solving process?

How has this experience influenced the way you approach your own work?

How effectively did I balance my own academic workload with my Peer Tutor responsibilities this week?

Collaborating with other peer tutors contributed to my personal growth in this role.

- ☐ Yes
- ☐ No

If yes, how did collaborating with other peer tutors contribute to your growth? If no, please explain why.
